Mr Mark van Doorn
Project Assessment Officer
Environmental Assessment Office
PO Box 9426 Stn Prov Govt
Victoria, BC V8W 9V1

Dear Mr. van Doorn,

Re: LNG Canada Development Inc. (“LNG Canada”) Export Terminal Project, Schedule B, Environmental Assessment Certificate #E15-01 – Health and Medical Services

The LNG Canada Environmental Assessment Certificate #E15-01, *Condition 15 Health and Medical Services* requires that:

The Holder must develop a health and medical services plan, in consultation with Northern Health and in accordance with Northern Health’s Health and Medical Services Plan: Best Management Guide for Industrial Camps. The Holder must demonstrate reasonable efforts to engage Aboriginal Groups in developing and sharing information regarding implementation of the plan. The health and medical services plan must:

- *Describe the Project site and infrastructure that may impact health outcomes and the spread of disease;*
- *Specify the health care services that will be provided for the workforce residing in the workforce accommodation centre;*
- *Establish disease / infection prevention and outbreak protocols, including preparation, response and management protocols;*
- *Outline programs for health promotion, disease prevention and on-site wellness; and*
- *Establish a process for coordinating the management of urgent care and medical escalations with local service providers.*

The Holder must provide the final plan to EAO and Northern Health no less than 30 days prior to the Holder’s planned date to commence Construction. The Holder must implement the plan to the satisfaction of EAO. For the purposes of this condition, “Construction” does not include site clearing or preparation.

In consultation with Northern Health, LNG Canada has developed the following Health Management Plans (EMPs) in support of EAC Condition 15:

- LNG Canada Health Services and Medical Emergency Response Strategy
- LNG Canada Project Execution Health Plan
- LNG Canada Communicable Disease Control Plan (CDCP) For LNGC Accommodation Village

Consultation was undertaken with Indigenous Groups on the health plans in May 2018. All comments on the health plans were considered, responded to, and incorporated into the plans as appropriate.

As required by Condition 15, please find attached, for EAO submission, the LNG Canada Health Plans Submission Package, which includes:

- EAC15 Indigenous Group Consultation Comment Tracker RevD
- EAC15 Northern Health Meeting Record
- Final LNG Canada Health Services and Medical Emergency Response Strategy
- Final LNG Canada Project Execution Health Plan
- Final LNG Canada Communicable Disease Control Plan (CDCP) For LNGC Accommodation Village

We trust you will find the attached satisfactory. If you have any questions, please do not hesitate to contact the undersigned.

Yours sincerely,

Erin Furlong
