NOTES:

This does not include the many phone calls I receive at all times of the day & night regarding numerous topics. A number of calls are regarding time waits for New Citizenship & Citizenship Renewal. What information is required, where to go to find requirements, etc. Some are general inquiries regarding contacts; some want to discuss Citizenship issues & some wish to have someone to talk regarding issues personal to them looking for somewhere to go for assistance.

Maarsii (Thank-you),

Allan Lavallee
